Colors of Fall

Fall is Mango Tango orange
like an immense pumpkin sitting on top of a hill
a floating leaf falling from a tree
and a bouncy basketball swooshing through the net

Fall is Scarlet red
like a juicy apple waiting to be eaten
a flashing firetruck zooming down the road
and a gorgeously flaming fire burning at midnight

Fall is Sepia brown
like a tiny football getting caught for a touchdown
a gigantic tree falling down
and a useful desk that keeps books stored inside

Fall makes me know and feel that it is sports season
