

Our Mission Statement

In Mrs. Dingman's class we are responsible and respectful hard workers who are a confident, loyal team.

We want to remember to respect others, study, and treat other kids the way we want to be treated.

We promise to believe in ourselves and cherish the time and learning we have together.

We believe that efficiency, accuracy, and hard work are key to accomplishing things.

Our goal is to end the school year as hard-working, dedicated students. By working hard in school and collaborating, we can be successful in our lifetimes.

By following the 7 Habits and remembering our promises to each other we can become responsible, educated, helpful, and cooperative students who will make people proud.

leadership
motivation
dedication drive discipline
excellence drive passion
