

What Would I Like To Be?

I'd like to be a television so I could stream live shows
I'd want to be an elephant so I could splash other elephants with my trunk
I'd appreciate being a pencil so I could enjoy drawing and writing
I'd adore being the Sun so I could flash my bright rays on the Earth
I wish I could be an airplane so I could travel all over the world
I'd enjoy being a book so I could be read and enjoyed by everyone
I'd consider being a shark so I could rule the ocean all day and night
I'd regard being a window so I could look out at the outstanding world around me
I'd view being a Bugatti so I could cruise the roads at high speeds
I'd dig being a light bulb so I could provide light for everybody around me
I'd fancy being a cruise ship so I could explore the vast ocean sloshing up and down
I crave to be a grizzly bear so I could dominate the woods
I yearn to be a computer so I could play online video games with my best friends
I'd die to be a dog so I could bark at cars and wag my joyous tail
I'd love to be a sweatshirt so I could keep my proud owner warm and cozy
